For each of the common trig functions, select their associated reciprocal.

 Copy

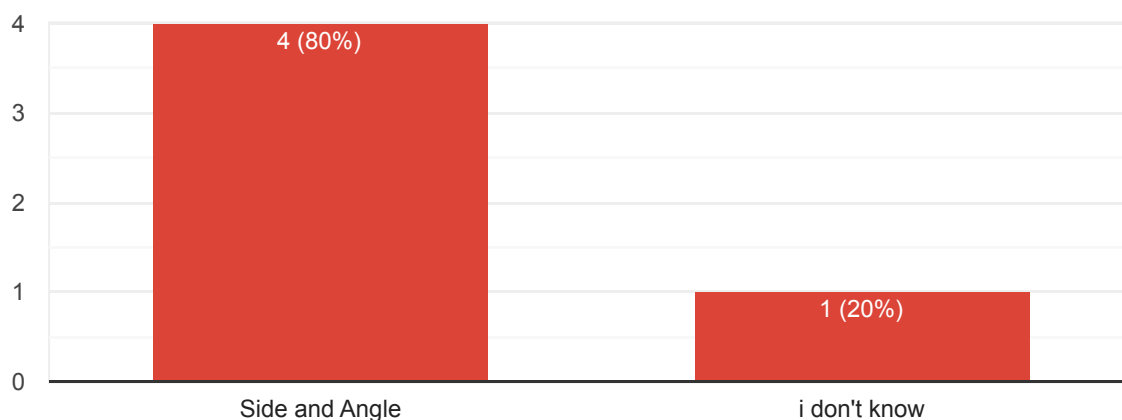

I.e.  $1/\text{trig} = \text{reciprocal trig}$

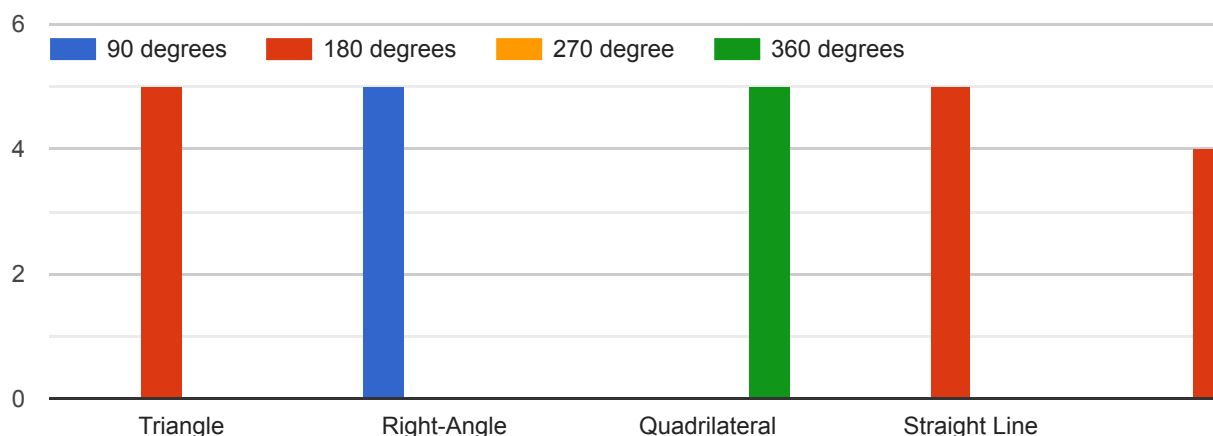

What do the S and A stand for in SSS, SAS, ASA and AAS, when proving congruence?

 Copy

5 responses

Please choose the correct full angles associated with the named structures.

Is zero a number or just the concept of nothing?

5 responses

A concept of nothing

Zero is a number

A number

It is a number

it's considered a number, representing the absence of a quantity.

From the choice your choice above, explain what zero means to you?

5 responses

Its nothing

It is a number representing nothing

i don't know

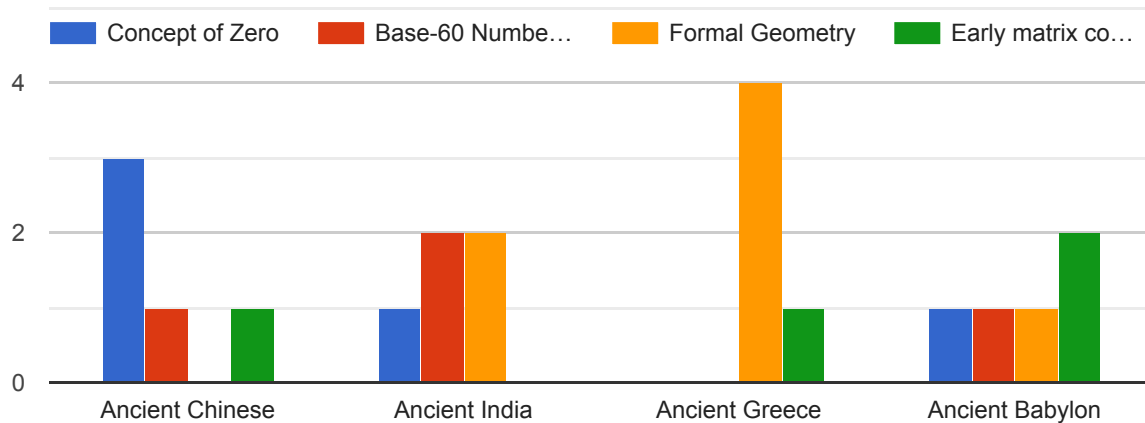

It is an element of the number system

represents no quantity.

Match the following ancient civilisations to their significant contributions to mathematics.

What is the Fibonacci sequence, and how do you compute it?

5 responses

Its like an arithmetic sequence

1, 1, 2, 3, 5, 8, 13, 21, etc. You add two consecutive numbers in the sequence to make the next number.

The series of numbers where each number is the sum of the two preceding numbers.

A sequence made from adding the previous number to the current number in the sequence

I have no idea, sorry.
